

## CLS - DMX Dimmers - LDC-41

### Main features:

#### EN

4 channel DMX driver/dimmer for 350-1000mA constant current LED products.

Drives RGB, RGBW, RGBA or 4 channels of single colour products.

2-12 LEDs per channel, depending on your choice of external power supply.

16 bits dimming curve for extremely smooth dimming.

Absolute flicker free for use in TV studio's and theatres.

DIN rail mounting system.

Digital setting of various functions.

#### NL

4 kanaals DMX driver/dimmer voor 350-1000mA LED producten.

Te gebruiken met RGB, RGBA, RGBW of vier kanalen single-colour producten.

Afhankelijk van de gekozen voeding kunnen 2 tot 12 LED's per kanaal aangesloten worden.

Zeer fraaie gelijkmatige dimming dankzij 16 bits dim-technologie.

Absoluut 'flicker free' voor gebruik in tv studio's en theaters.

DIN rail montage systeem.

Digitaal instellen van diverse functies.
